

Congratulations, you're in the final semester of nursing school!

Memorial Hermann Health System is pleased to invite nursing students graduating in August 2020 to attend a virtual Pre-Match Day Open House at the participating campuses listed below.

The open house is an informal event featuring highlights from more than 110 years of outstanding patient care Memorial Hermann has provided to the Houston community. This event provides an opportunity for you to learn more about the acuity level of patients we care for, and the specialized clinical areas in which we practice at each facility.

Service line staff and nursing leadership teams from each facility will be on hand and ready to celebrate YOU, our future! Each service line will provide information to help you make an informed decision on the clinical unit you're interested in interviewing with, and help you find the best fit to start your nursing career.
